AMAZONE DE PALMER

An unforgettable tasting experience

Paying true homage to the potential of reserve wines, AMAZONE DE PALMER is a rare cuvee created from a selection of the House's most outstanding wines and vintages.

The uniqueness of its style, the exclusive selection of Grand and Premier Crus, the very long ageing in the chalk cradle of our cellars, hand-riddling on wooden racks and the stunning oval-shaped bottle, AMAZONE DE PALMER is in all respects an exceptional champagne.

Its sparkling golden robe suggests the promise of a large palette of aromas. Notes of exotic and dried fruits are succeeded by captivating hints of underbrush, toasted hazelnuts and brioche. On the palate, the wine reveals itself just as complex, rich and intense while at the same time exuding a remarkable freshness. Perfectly suited to accompany the finest dishes, AMAZONE DE PALMER always offers an unforgettable tasting experience.
