CHAMPAGNE PALMER & CO CHOOSES PAINTER ALAIN BONNEFOIT FOR AN ARTISTIC INTERPRETATION OF THE AMAZONE CUVÉE

AMAZONE DE PALMER is a true homage to the potential of reserve wines. It is a rare cuvée made with some of the very best wines of the Palmer's collection, selected for their structure, complementarity and ageing potential.

AMAZONE DE PALMER

With its name inspired by the powerful and free warriors of ancient times, the mysterious legendary women, the Amazone cuvée has absorbed some of their power and magic.

The uniqueness of its style, an exclusive selection of Grands and Premiers Crus, long ageing in the chalky cradle of the cellars, manual riddling on wooden racks and the stunning oval shape of its bottle, AMAZONE DE PALMER is a truly exceptional champagne.

Palmer & Co asked the renowned artist Alain Bonnefoit to express his vision of AMAZONE DE PALMER on the gift box, a rare and unique inspiration, far from the charms of the artificial.

The close ties linking the artist Alain Bonnefoit to Palmer & Co were forged on the basis of the shared values of excellence, sincerity and emotion.

Faithful fan and friend of Champagne Palmer, Alain Bonnefoit has been spearheading Palmer's artistic initiatives for the past 20 years.

TASTING

Its sparkling golden robe suggests the promise of a large palette of aromas.

Notes of exotic and dried fruits are succeeded by captivating hints of underbrush, toasted hazelnuts and brioche. On the palate, the wine reveals itself just as complex, rich and intense while exuding a remarkable freshness.

Perfectly suited to accompany the finest dishes, AMAZONE DE PALMER always offers an unforgettable tasting experience.
