

Palmer & Co Responsible Consumption Policy

Responsible Consumption

At Palmer & Co, we value the art of tasting and promote the moderate and responsible consumption of our champagnes. We are aware of the risks associated with excessive alcohol consumption and are committed to helping prevent these dangers.

We remind you that the purchase and consumption of alcohol are strictly reserved for individuals of legal drinking age in their country of residence. Our websites and social media accounts must not be shared with minors.

Our aim is to help adult consumers make informed choices: whether to drink or not, choosing the right moments, and moderating the quantities consumed. Educating and raising awareness among our consumers, clients, and employees about risky behaviors—such as excessive alcohol consumption or drinking and driving—is one of our top priorities. We strictly prohibit alcohol consumption by minors and wish to inform pregnant women of the risks alcohol poses to their unborn child.

To reduce the health risks associated with alcohol consumption, it is recommended to:

- Not drink more than 10 standard drinks per week and no more than 2 standard drinks per day
- Include alcohol-free days each week

For each drinking occasion, it is recommended to:

- Reduce the total amount of alcohol you consume
- Drink slowly, while eating, and alternate with water
- Avoid high-risk places and activities
- Make sure you are with trusted people and that you can get home safely
